MAY 2009

Classes, Screenings & Support

STOP SMOKING

If you are interested in kicking the habit, please call Caryn at 812-547-0125, and ask about our "Freshstart" Quit Smoking Clinics.

"Freshstart" is a program of the American Cancer Society

The next "Freshstart" Clinic will be held on Wednesdays and Fridays, May 6, 8, 13 & 15, 12:00 – 1:00pm

Reservation deadline is May 5.

FREE SCREENING MAMMOGRAMS

For qualified women between 40 and 64.

For qualification details and more information about a program that could save your life or the life of someone you love, call Shelley Poole, RN, at 812-547-0392. The number of free mammograms is limited, so please call today.

This program is made possible by Perry County Memorial Hospital and grants from the Greater Evansville Affiliate of Susan G. Komen for the Cure and the Indiana Breast Cancer Awareness Trust.

BLOOD PRESSURE & GLUCOSE SCREENINGS

Fasting for 10-12 hours before screening yields most accurate results. For more information call Caryn at 812-547-0125.

Thursday, May 7, 9:00 – 11:00am

Digital Mammography

We are proud to present the newest, most advanced imaging technology . . . Digital Mammography. It uses up to 40% less radiation and offers more accurate results. It makes breast cancer easier to diagnose and treat in its earliest stages. One more way Perry County Memorial Hospital treats you better.

Fully Accredited Laboratory

Perry County Memorial Hospital is fully accredited and equipped with the latest technology to deliver accurate results as quickly as possible. Turnaround time for bacterial cultures is kept to a minimum, because the lab is staffed and open for outpatient testing 24 hours a day, and most specimens never have to leave the facility.

Services include:

Chemistry • Immunochemistry
Hematology • Coagulation • Serology
Microbiology • Virology
Blood Banking and Transfusion Services
Urinalysis • Microscopy • Pathology
